Welcome to Nihon Matsuri #13!

It's time to come and enjoy a taste of Japanese and Japanese-American culture. Of course, there will be the delicious Japanese food to tantalize our appetites. Yet, the festival will offer so much more for us to experience like the Japanese tea ceremony, the Taiko drum performance, Japanese Cosplay, the lion dance, and Japanese art, music, and culture exhibits. This event is for the whole family as the children will also find plenty to do at the booths designed especially for them.
